

MATTHEW BRADLEY

SCULPTING | MODELS | PROPS

mgbradley.uk@gmail.com | <https://mgbradley.uk> | North Somerset, UK

Experience and qualifications from the 2024 CV. Contact Matthew for current availability and latest experience.

About

I am a model and prop maker with a keen affinity for sculpting, based in the UK. My interests in stop-motion animation, history, Tolkienesque fantasy and English folklore inform my work. My experience includes stop-motion creature fabrication, architectural models, moulding, casting and prop making.

Experience

Timothy Richards & Modern Souvenir (Listed in the 2024 CV)

Sculptor, crafts person and model maker. Sculpting, mould making, finishing and batch production of plaster souvenirs and architectural models, including new product development and origination of architectural models.

Mangostone (June to July 2023)

Model maker and sculptor. Mould making, casting, fabrication and painting of props and models for the BBC's Famous Five production.

Yamination Studios (January to November 2022)

Sculptor and model maker. Model, set and puppet making, character maquette sculpting, and work with directors on stop-motion television and commercials.

Workshed Animation (2020 to 2021)

Stop-motion puppet fabricator. Multiple commissions for a film studio in the USA, interpreting the client brief to design, build and finish detailed puppets.

Prop Making & SFX: client projects (2019 to 2020)

Helped lead a collaborative team project for Peter Thorndike's debut film, PlaguePits.

Other employment: ASDA (2015 to 2017)

Employment listed in the original CV.

Education

Greater Brighton Metropolitan College (2021)

First Class BA (Hons) Prop Making & Special Effects.

Greater Brighton Metropolitan College (2020)

Distinction, FdA Theatre Arts: Prop Making & Special Effects.

Weston College (2015)

Level 2 Diploma, Woodwork & Joinery.
